A Tradition of Service

Department's application, the NIJ selected the Department to be a recipient of the NIJ's FY 2008 Forensic DNA Backlog Reduction Program grant award. As a recipient of this award, the Department will receive \$1,057,121 with no local match required. On October 16, 2007, your Board authorized the Sheriff to accept \$1,153,158 for the 2007 Forensic DNA Backlog Reduction Program.

The objective of the NIJ's FY 2008 Forensic DNA Backlog Reduction Program is to assist awarded agencies and/or jurisdictions with improving their DNA analysis capacity and improving their existing crime laboratory infrastructure. To successfully achieve the objectives of this DNA program, the Department will use the grant funds for overtime to work DNA cases that are backlogged, to purchase supplies, outsource some DNA cases, provide training classes for personnel, and purchase equipment to aid in the timely processing of DNA cases for the Department's Scientific Services Bureau's Crime Lab. Realization of these goals and objectives will ensure that the Department continues to successfully meet the accreditation requirements for the Crime Lab.

Implementation of Strategic Plan Goals

Approval of the recommended actions is consistent with the County of Los Angeles' Strategic Plan; specifically, Goal 1, Service Excellence; Goal 2, Workforce Excellence; Goal 3, Organizational Effectiveness; and Goal 4, Fiscal responsibility. With the grant funds being directed toward assisting the Department in improving the operation of the Crime Lab, the Department will be given the opportunity to complete its mission more effectively and efficiently, as well as maintain the safety and security of the residents of Los Angeles County.

FISCAL IMPACT/FINANCING

The term of the 2008 DNA program is for a period of 12 months, from October 1, 2008, to September 30, 2009. IMPACT ON CURRENT SERVICES (OR PROJECTS)

The program may create workload increases for the County's Justice Departments, as suspects are identified from offender databases and subsequently charged with a crime. The Department has made contact with each of the County justice departments.

This grant funding will have a positive impact on current services by improving the existing infrastructure of the Department's Crime Lab, thereby enhancing the capacity to analyze DNA.

CONCLUSION

Upon your Board approval, please instruct the Executive Office to return two (2) copies of the adopted Board letter to the Department's Grants Unit.

Sincerely,
